SSLC - 70% Pattukkottai
Alagiri H.Sec School
2018 - 2019

TECHNICAL SKILLS

- Java Full Stack
- Web Developement
- Html ,Css
- JavaScript
- MySql
- MsExcel

SOFT SKILLS

- Fast learner
- Problem-solving
- communication
- Adaptable
- Hard working

PROJECTS

BlockChain Technologies

- Developed a secure and transparent parking management system using Blockchain technology.
- Enabled real-time slot availability, automated payments, and tamper-proof data storage.
- Designed for smart city infrastructure to reduce traffic congestion and improve user experience.

web Development

- Built a responsive and interactive music player interface using basic web technologies.
- Integrated controls such as play, pause, next, and previous with smooth UI animations.
- Ensured that only one song plays at a time using simple and efficient JavaScript logic.

Java FullStack

- Developed a complete management system to handle student records, courses, departments, and staff details.
- Implemented CRUD operations using Java, JDBC, and MySQL for secure data storage and access.
- Designed modules to improve administrative efficiency with a clean and structured workflow.
